Heritage - listed or Period Building Restoration / Renovation

This category acknowledges excellence in the renovation/ restoration of a heritage-listed or period building which was constructed prior to 1970. The renovation of a heritage or period building must incorporate the period features of the building by either restoring the original or matching the original period with new work. Projects may include modern fixtures and fittings.

Project name

- Only members of Master Builders Tasmania are eligible to enter.
- Entries from the geographical area of Tasmania only.
- Projects entered must have been completed and Certificate of Occupancy (or relevant completion certificate) obtained between 30 August 2023 and 31 January 2025.
- No refund given to entries withdrawn after the closing date.
- The construction price is to include all standard fixtures, fittings, allowances and variations. Any fixtures, fittings, variations or allowances not included in the contract, or supplied by the owner, must be listed separately.
- All documentation, photographs etc, remain the property of Master Builders Tasmania. Digital images of members entries must be available for use after the presentation evening.
- In the event that a home has been built without a contract (e.g. a builder constructing their own home), the home must be entered into the category that best represents the market value of the cost of the build.
- The judge/s reserve the right to determine that an entry has been entered into an incorrect category and the entrant will be notified of changes.

Entrants need to ensure that their entries address the listed criteria for the category they are entering.
